

# Minimize Leaks. Maximize Efficiency.

## Swagelok® Compressed Gas Leak Detection Services

Leaks cost you time, money, and can compromise safety. With pressures like these, you need a partner that is engineered to perform under pressure. Swagelok helps control and prevent leakage with our comprehensive program of analysis and recommendations.

Swagelok's expertise lets you get to the source of the problem -- every time.

We:

- Identify and quantify the source and cost of each leak
- Provide a prioritized list of recommendations that help you eliminate leakage and conserve valuable resources

Get started today. Visit [Swagelok.com](http://Swagelok.com) to learn more about Evaluation and Advisory Services or contact your local [sales and service center](#).
