

Engineering Services – Technical Specialist / Trainer

Swagelok employs a team of engineers throughout the world as an extension of our headquarters in Solon, Ohio. Their mission is to be the technical liaison and advocate between the customer, our distributor network, and the factory by providing an extension of Swagelok engineering resources. Their primary focus is to provide technical expertise through a sound understanding of our customer's applications.

Will Boone

Home City: Warren, NJ

Joined Swagelok: October 2021

Supporting Regions: Southeast PA, NYC, NJ

Cell Phone: 908-334-1379

Email: will.boone@swagelok.com

Background:

Will started his career with Swagelok in 2021 working in inside sales with the Swagelok Austin distributorship. The domineering industry served in Swagelok Austin was Semiconductor, this started Will down his path of honing in on our UHP product selection and Semiconductor application solutions. After a year in Inside Sales, Will was promoted to Account Manager and called on a multitude of companies in the Semi space (Fabs, OEMs, & weld shops). After 3 years in the Texas area, Will was given the opportunity to continue his Swagelok career in his home state and move into a hybrid role where he supports our team as an Account Manager & and a Technical Specialist.
