Swagelok Tube Fitter's Tool Case

Your ultimate set of tools. One Part Number.

Order your Tool Case using one part number “ASY-2453-PENN”.

Finding the right tools for the job is simple when you have the Swagelok Tube Fitter's Tool Case on the jobsite. Assembled by your local team at Swagelok Penn, this set of hand tools is designed for use with the three most common tube sizes — 1/4, 3/8, and 1/2 inch OD (outside diameter). All of the tools are securely contained in a lockable, water resistant, Pelican™ Case with wheels for easy transport.

What's Inside

Tube Deburring Tool (Size (in) 3/16 to 1 1/2)

Helps ensure burrs from tube cutting are removed, reducing chances of leakage or damage to components.

Hand Tube Benders (Size (OD) 1/4, 3/8, 1/2)

Easy-to-use benders reduce installation time & potential damage to the tubing during bending.

Gap Inspection Gauges (Size (in) 1/4, 3/8, 1/2)

An excellent aid for verifying that a fitting has been properly tightened.

Ratchet Wrenches (Size (in) 1/4, 3/8, 1/2)

Ideal for working in close quarters where the swing room for wrenches is limited.

Tee Wrenches (Size (in) 1/4, 3/8, 1/2)

Provide positive back-up support when installation Swagelok union tee and crosses.

Pre-Swaging Tools (Size (in) 1/4, 3/8, 1/2)

A convenient tool for tube sizes 1 in (25 mm) and under.

Tube Cutter (Size (in) 3/16 to 1)

Cuts stainless steel, soft copper, and aluminum tubing.

Swagelok Tube Fitter's Manual

Provides detailed instructions for tubing selection and proper installation of Swagelok fittings.
