

**Proven.
Trusted.
Swagelok.**

Since 1947...

...one brand has delivered unparalleled fluid-system safety, performance, and economy in the world's most challenging Oil and Gas, Chemical, Power, Applied Research, and General Industrial applications.

Swagelok®

SWAGELOK Fittings

Made from premium-quality raw materials and by our exceptionally skilled and trained manufacturing team. Easy to assemble, disassemble, and reassemble. Available in tube sizes 1/16" to 2". Consistent gaugeability. Multiple styles: mechanical grip-tight, hinging-colleting, weld, pipe, vacuum...

SWAGELOK Valves

Securely and dependably control flow across a broad range of working pressures, temperatures, and operating conditions. Choose from: process valves and manifolds (ball, needle, single block-and-bleed, double block-and-bleed...), instrumentation valves (ball, purge, check, metering...), packless valves (bellows-sealed, diaphragm-sealed...)...

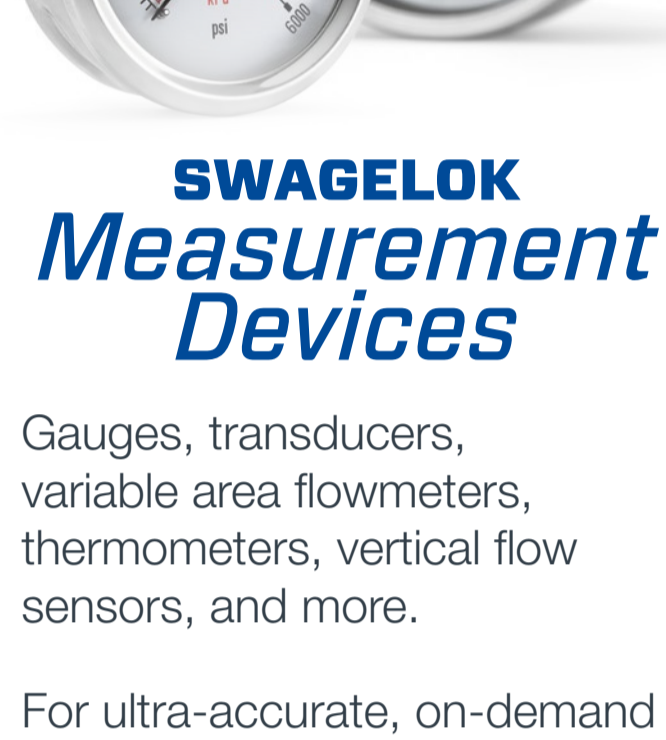

SWAGELOK Pressure Regulators

Maximum inlet pressures up to 10,000 psig. Ensure consistent delivery of just the "right" pressure across numerous applications. Multiple types: pressure-reducing, changeover, back-pressure, dome-loaded, vaporizing...

SWAGELOK Hoses and Flexible Tubing

Available in 1/8" to 2" diameters in a wide range of core types and reinforcement materials. Standard and custom lengths. Vast array of end connections, covers, and tags. Choose from: all-metal, PTFE, PFA, vinyl, nylon, polyethylene, rubber...

SWAGELOK Measurement Devices

Gauges, transducers, variable area flowmeters, thermometers, vertical flow sensors, and more.

For ultra-accurate, on-demand pressure, temperature, and flow readings.

SWAGELOK Assemblies

Locally designed and built. Grab Sampling, Mechanical Seal Support, Pre-Engineered Gas Distribution, Subsystems, Ammonia Samplers...

Subassemblies to large, complex configurations.

Our **Leak-Tight Componentry** is ideally complemented by our suite of **Strategic Support Services:**

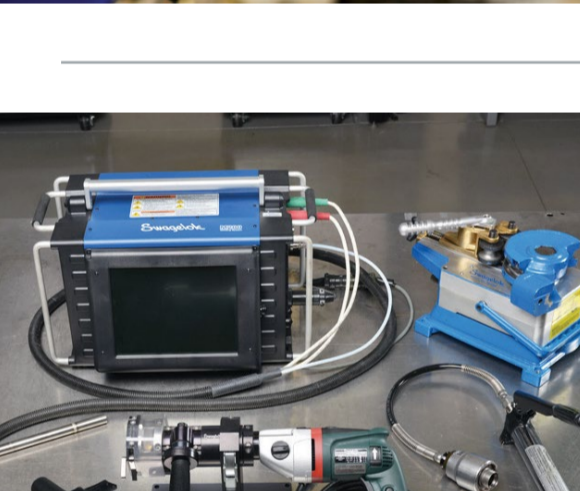

SWAGELOK Design & Build Capabilities

State-of-the-art working/staging area. Climate-controlled environment, with a 5-ton overhead crane. Dedicated welding, bending, coiling, cutting, orbital welding, kitting, inspection, packaging, testing, and cleaning stations.

SWAGELOK Safety Training

Tube Fitting Installation & Tube Bending, Advanced Tube Bending, Hose and Valve Essentials, Process Analyzer Sampling Systems, Orbital Welding...

SWAGELOK Energy-Loss and Hose Evaluations

On-site surveys to determine your major areas of leakage and overall inefficiencies. Expert recommendations on hose storage, routing, selection, sizing...

SWAGELOK Tool Rentals

Why buy when you can rent for short-term or infrequent projects? Multi-Head Hydraulic Swaging Units, Benchtop Benders, Orbital Welders... Lease by the day, week, or month.

Trusted and Proven Products and Services...

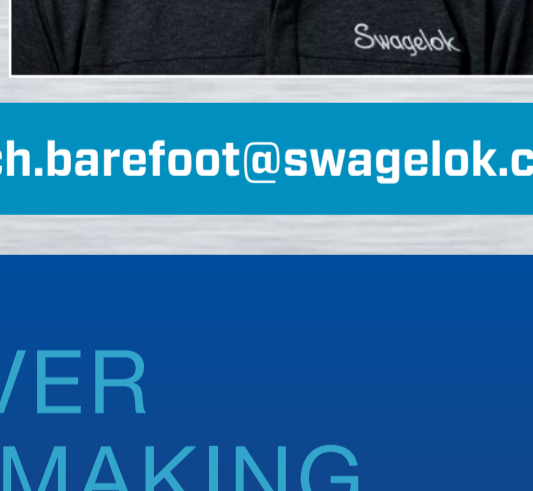

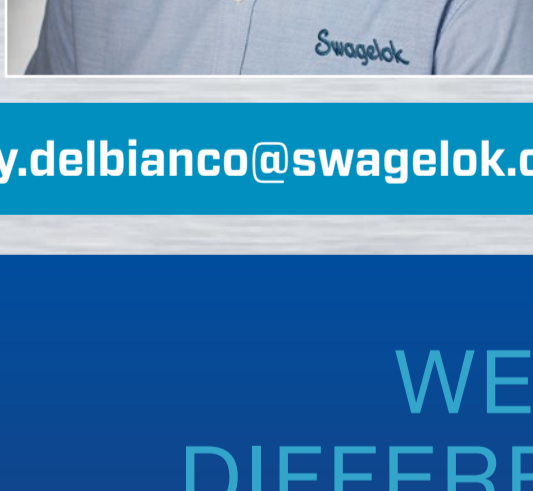

substantial Local Inventory, Technical Application Know-How, and our Customer-First Mentality:

THAT'S WHY WE'RE YOU LOCAL Swagelok Fluid-System Optimization Resource!

WE DELIVER DIFFERENCE-MAKING SOLUTIONS:

Products | Strategic Support Services | Application Know-How

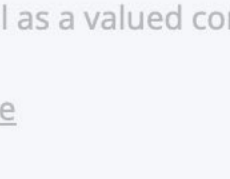

The Brand. The Inventory. The Expertise.

WE'RE YOUR SWAGELOK FLUID-SYSTEM SOLUTIONS PROVIDER

Industry-Best Componentry | Masterful Custom Fabrication | Expert Safety Training | Extensive Energy Evaluations | Unparalleled Application Knowledge | Comprehensive Hose Advisories | Proven Inventory Management Support | Genuine Swagelok Tool Rentals

WE CAN HELP YOU SAVE TIME, MONEY, AND WORRY:
