

## Your Near-By Helping Hand(s)

When production schedules are tight and demand is high, your local Swagelok-trained-and-certified **Design & Build master technicians** can help significantly ease your workload worries and risks.

### Put your complete trust in us WHEN:

- Your assembly, skid, or enclosure processes are taking too long, costing too much, or causing too much waste and too many administrative headaches
- You lack the necessary manpower or expertise to deliver products as promised.
- Your overall operational inefficiencies are draining profits

### About our Leading-Edge Place:

State-of-the-Art, 5,000 sq. ft. Working and Staging Area

5-ton Overhead Crane, with 18-foot clearance

- Dedicated Swaging, Bending, Coiling, Orbital Welding, Kitting, Packaging/Wrapping, Inspection, Testing, and Cleaning Stations

- Climate-Controlled Environment

### About our Customized Fabrication Proficiencies:

- Gas Purge Panels and Enclosures
- Distribution Manifolds
- Custom Flex Hose Assemblies
- High-Volume Bent Tubing Assemblies
- Sample Cylinder Assemblies
- Standard Instrumentation Mounting Kits
- Ultra-High-Purity Welded Manifolds
- Gas Delivery and Distribution Panels
- Gas and Liquid Grab Sampling Panels
- Mechanical Seal Support Systems
- Instrumentation and Transmitter Assemblies/Enclosures
- High-Pressure Test Stands
- Simple and Highly Complex Tube Bending
- Heat Exchanger Tubing Coils
- Gauge Block-and-Bleed Valve Assemblies
- Automated Ball Valve Assemblies
- Preset Relief Valves
- ....and so much more!

We also offer complete Maintenance Programs for Sample Cylinders and Flexible Hoses - and CAD and P&ID Design Assistance.

Our ultra-safe, leak-tight, easy-to-install panels are artfully and precisely constructed with genuine Swagelok components - are fully warranted by Swagelok Company - and are delivered as a single part number! When you're ready, we'll be ready, too...to help you save on engineering, scrap, inventory, and other high costs.

**We're right here for you.**
