Regulator PERFORMANCE

- Lock-Up
- Droop
- Choked Flow

Regulator EFFECTS

- Creep
- Supply Pressure
- Venting

JON KESTNER,
Field Engineering Supervisor – Americas

In his current role, Jon leads a highly skilled team of regional Swagelok Field Engineers who help customers solve their most challenging application issues in the northern US and Canada. From 2015 until earlier this year, he was Product Manager for Regulators, helping to deliver product and technical solutions that significantly boosted end user productivity and profitability. Jon's other Swagelok experience includes stints as a Technical Service Engineer and Product Manager for General Industrial Valves.

This Mechanical Engineering graduate of Tufts University is also pursuing a Master's in Business Administration from Cleveland State University.
