

5 October 2022

Swagelok has earned a reputation for unmatched quality and consistency at the component level. We are committed to maintaining this reputation while continuing to grow and improve our product offering. At times, this requires changes to the form, fit or function of our core products.

Product Name: Swagelok’s Ratchet Wrenches

Product Details: Swagelok’s Ratchet Wrenches to be Discontinued

Change Impact: Form Fit Function Cosmetic Appearance

Description of Change:

Due to discontinuance by the supplier and the absence of alternative suppliers, RW series ratchet wrenches and holding pouch will no longer be sold after remaining inventory has been depleted. Below is a list of the ordering numbers affected.

Given current inventory levels, MS-RW-200 will be discontinued immediately while the others will remain available until inventory is used up. Orders will continue to be accepted through the remainder of 2022 (subject to change). Made-to-stock (MTS) parts will change from Collaborative Replenishment (CR) to only being orderable via Distributor Initiated Orders (DIO) effective immediately.

The product catalog, Gaugeable Tube Fittings and Adapter Fittings, MS-01-140, will be updated to remove this product offering.

Tube OD	Ordering Numbers to be Discontinued
N/A	MS-RWP
Dimensions, in.	
1/8	MS-RW-200
3/16	MS-RW-300
1/4	MS-RW-400

3/8	MS-RW-600
1/2	MS-RW-810
Dimensions, mm	
3	MS-RW-3M0
6	MS-RW-6M0
8	MS-RW-8M0
10	MS-RW-10M0
12	MS-RW-12M0

Available Options: No option.

NOTIFICATION OF CHANGE LEVEL 1 – FOR AWARENESS

Effective Date: Immediately

Unless otherwise noted, all changes are rolling changes and will take some time to flow through our global inventory. If you have questions regarding the impact of this change on your applications, please contact your local authorized Swagelok sales and service center representative. They, along with regional technology centers, and trained field engineers, are available to assist you.

** Applicable changes which would require notification to a Distributor or end user include changes which impact the form, fit or function of a product attribute or measurement as described in Swagelok data readily available to customers or when a change is made that is cosmetically detectable to the customer.*
