

Swagelok® Tube Fitter's Toolbox

The Ultimate Set of Fabrication Tools

Finding the right tool for the job will not be an issue when you have the Swagelok Tube Fitter's Toolbox on the jobsite. The toolbox contains a complete set of Swagelok hand tools designed specifically for fabricating tubing systems. The set of tools are designed for use with the three most common tube sizes - 1/4, 3/8

and 1/2 inch OD (Outside Diameter) tubing. All of the tools are securely contained in a lockable, water resistant case with wheels to make transporting easy. The Swagelok Tube Fitter's Toolbox, Part Number MS-FSTOOLS-KIT, contains the following hand tools:
